With T-Scan, you can feel confident that you are adjusting the occlusion accurately, quickly, and in one appointment.

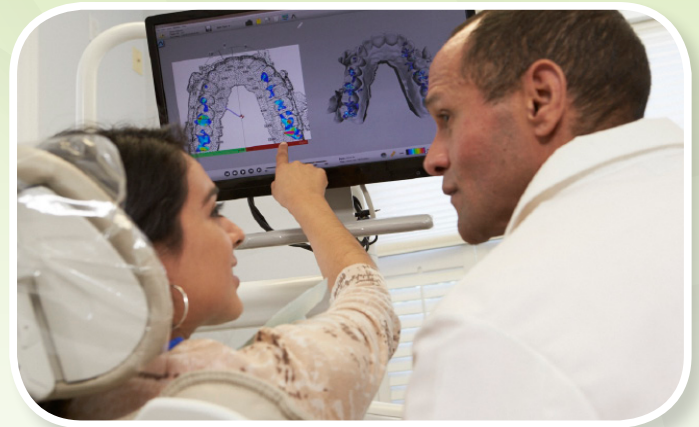

“I HIGHLY RECOMMEND THE T-SCAN BECAUSE OF ITS EASE OF USE AND EFFECTIVENESS. IT IS EXTREMELY USEFUL WHEN MAKING OCCLUSAL ADJUSTMENTS BECAUSE IT GIVES ME MORE ACCURATE INFORMATION RELATIVE TO THE AMOUNT OF FORCE ON EACH TOOTH AND THE TIMING OF THAT FORCE...THE T-SCAN ALSO PRODUCES DOCUMENTATION SHOWING PRE- AND POST-PROCEDURE RESULTS THAT IS CRITICAL FOR PATIENT RECORDS”

GLENN DUPONT, D.D.S.
